we didn’t have

SUNDAY OCT 22
3:00 - 4:30 PM

**23 DEDHAM AVE, NEEDHAM;
ENTRANCE ON LINCOLN ST**

**FREE CHILDCARE
AVAILABLE!**

Did you bring home a baby during the COVID-19 lockdown? Come join fellow parents of “pandemic babies” who are navigating the world of raising young children in what can feel like a whole new world.

We will share our worries, joys, experiences, and resources on all things parenting: transitions, social skills, struggles with separation, navigating extended family, and more.

Our group facilitator is Allison Flynn, PsyD, a licensed clinical psychologist with a

specialty in child development and family therapy. She lives in Concord with her husband and three little girls, ages 7 and under.
